

BOOK NOW:

69th IIW Annual Assembly & International Conference

10 to 15 July 2016
Melbourne, Australia

The 69th IIW Annual Assembly & International Conference will be the largest welding event in Australasia in 2016.

The event program will delve into the most important issues facing the industrial, welding, and fabricating industries today.

Keynote speakers will entertain and enthrall, while a range of off-site technical visits will give delegates a 'behind-the-scenes' look at Australia's welding, fabricating technology, industrial and metals industries.
